Recommended maximum daily output: 50 cups

One of the best features of the compact W8 is its versatility: on its menu there are no less than 17 speciality coffees, all of which it prepares to perfection. Other components that contribute to its outstanding performance are the Professional Aroma Grinder (P.A.G.2) and fine foam technology. In addition to its outstanding features, it is exceptionally easy to use: a clearly laid-out menu, intuitive navigation and the Coffee Eye smart cup sensor provides maximum ease of use for all coffee lovers. The professional machine offers many benefits for operators including automatic milk system cleaning, a lockable bean container and water tank, adjustable programme functions and the ability to connect to a range of payment systems. The W8 is ideal for offices, salesrooms and businesses where a daily capacity of up to 50 speciality coffees is required.
