MODULO

gruppi bar modulari
modular bar groups

- Corpo macchina in alluminio estruso e fianchi in ABS.
- Potenti motori con ventilazione forzata.
- Frullatore, frappé, rompighiaccio e spremiagrumi mantengono le caratteristiche tecniche e originali della macchina singola.

AL = spremiagrumi con leva
OQ = frullatore con bicchiere Quadro
N = rompighiaccio
S = frappé

- *Extruded aluminium machine body and sides in ABS.*
- *Powerful motor with forced ventilation.*
- *Blender, drink mixer, ice crusher and citrus juicer have the same technical and original features as the individual machines.*

AL = citrus juicers with lever
OQ = blender with square glass
N = ice crushers
S = drink mixers

MODULO 1 AL

MODULO 2 ALOQ

MODULO 2 ALN

MODULO 2 OQN

MODULO 3 ALOQN

MODULO 4 ALOQNS

Setaccio con 2 pigne
Sieve with 2 reamers

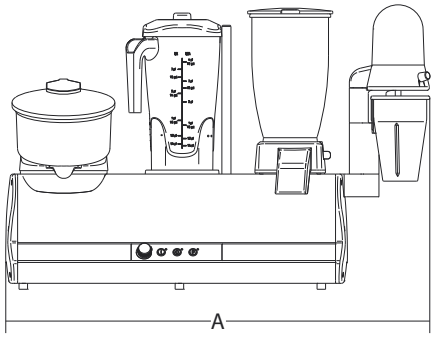

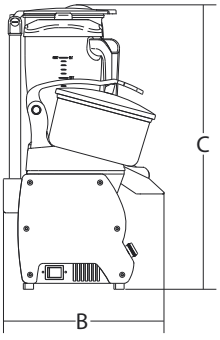

Bicchieri facilmente smontabili per la pulizia
Disassembled glasses for cleaning

Bicchieri quadri impilabili
Stackable square glass
