CITROCASA

8000XB

High Powered Volume Driver

HIGH VOLUME

40 MIN.

Our robust juicer for staff-operation, pre-portioning, and commissary strategies: Ideal for freshly squeezed into bottles or cups.

- **POWERFUL RETURNS:** Staff-operation at 40 fruit/minute. Convenient juice tank for high-volume juicing and pre-bottling.
- **SUPERIOR TASTE:** Patented SCS Up&Down dynamic knife delivers precise fruit cuts, reduces peel oil, and yields sweeter-tasting juice.
- **MAXIMIZED HYGIENE:** 304 food-grade stainless steel ensures food safety. Dishwasher-safe Double Cover and juicing parts maximize hygiene.
- **EFFICIENT OPERATION:** One single Cross Holder secures all juicing elements and speeds up disassembly and cleaning.
- **UNMATCHED DURABILITY:** Robust materials and design. Complete triple-sealed separation of juicing and motor zone for durability and longer machine life.
- **SMART TECHNOLOGY:** Multi-functional digital display with fruit counter, intelligent stop, and more.
- **LUCRATIVE RETURNS:** Stainless-steel rolling cabinet available for longer uninterrupted juicing and added mobility. Optional pressing kits so you can offer greater juice variety: lemon, lime, tangerine, orange, and grapefruit all from one single juicer.
