A quiet compact blender

Thanks to its 9 optimized programs, the brushless blender #66 is perfect to make cocktails, smoothies, milkshakes, iced coffees and any other mixed drink.

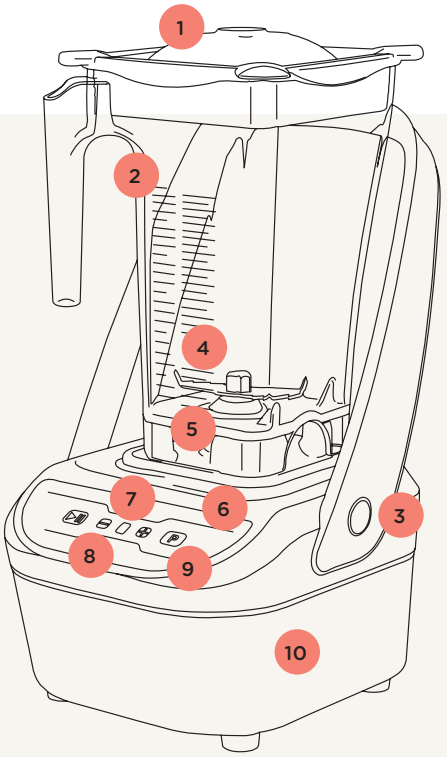

The patented two-way rotation of the blade, unique on the market, crushes and blends any kind of ingredients in a few seconds, including ice cubes and frozen fruits.

It is quiet and offers excellent energy efficiency thanks to its brushless motor. It can be used intensively all day without overheating.

The compact Brushless Blender #66 can be used either countertop or in-counter, without any additional option (simple and quick dismantling of the base).
